

Careers

Student or Graduate

Learn about the opportunities available for graduates with less than 5 years experience.

We are constantly looking for people with vision to join us and help carry our business forward. The work is academically rigorous, intellectually demanding, and can be physically tough, but the rewards we offer reflect fully the commitment we require.

We recruit many different kinds of profiles. Explore our careers opportunities and find out if what we offer corresponds to the kind of International challenge you are seeking in your career. And maybe you too will soon be living the **MEGNA** life!

A career with **MEGNA** is challenging and rewarding. Men and women from every background, who have ambition and ability, can progress to the most senior levels. Continue your career at **MEGNA**, secure in the knowledge that your efforts will be recognized and rewarded.

Experienced Professional

Learn about the careers **MEGNA** has to offer for professionals with more than 5 years experience

Your experience can play a key role in our future

We value the unique perspective, knowledge and experience that you have built up throughout your career. We also realize that joining a new organization is never simple, especially for those in established careers. You have to weigh the risks as well as the opportunities, and most likely you have family issues to consider.

We are ready to work with you throughout this important process as you join other experienced professionals in developing our industry leadership and continuing our success worldwide. We recognize that each employee faces unique professional and personal challenges. At **MEGNA**, you have access to support and resources designed to meet your individual needs. Consult our open and get in touch with us for more details.

To apply for joining our Team, please send an email with your resume to jobs@megasys.com
